

Introducing the
Aurum™ range

Manuka Honey

The new Aurum™ range of one-piece colostomy, ileostomy and urostomy pouches offer new and enhanced features that help improve the quality of life of ostomates around the world.

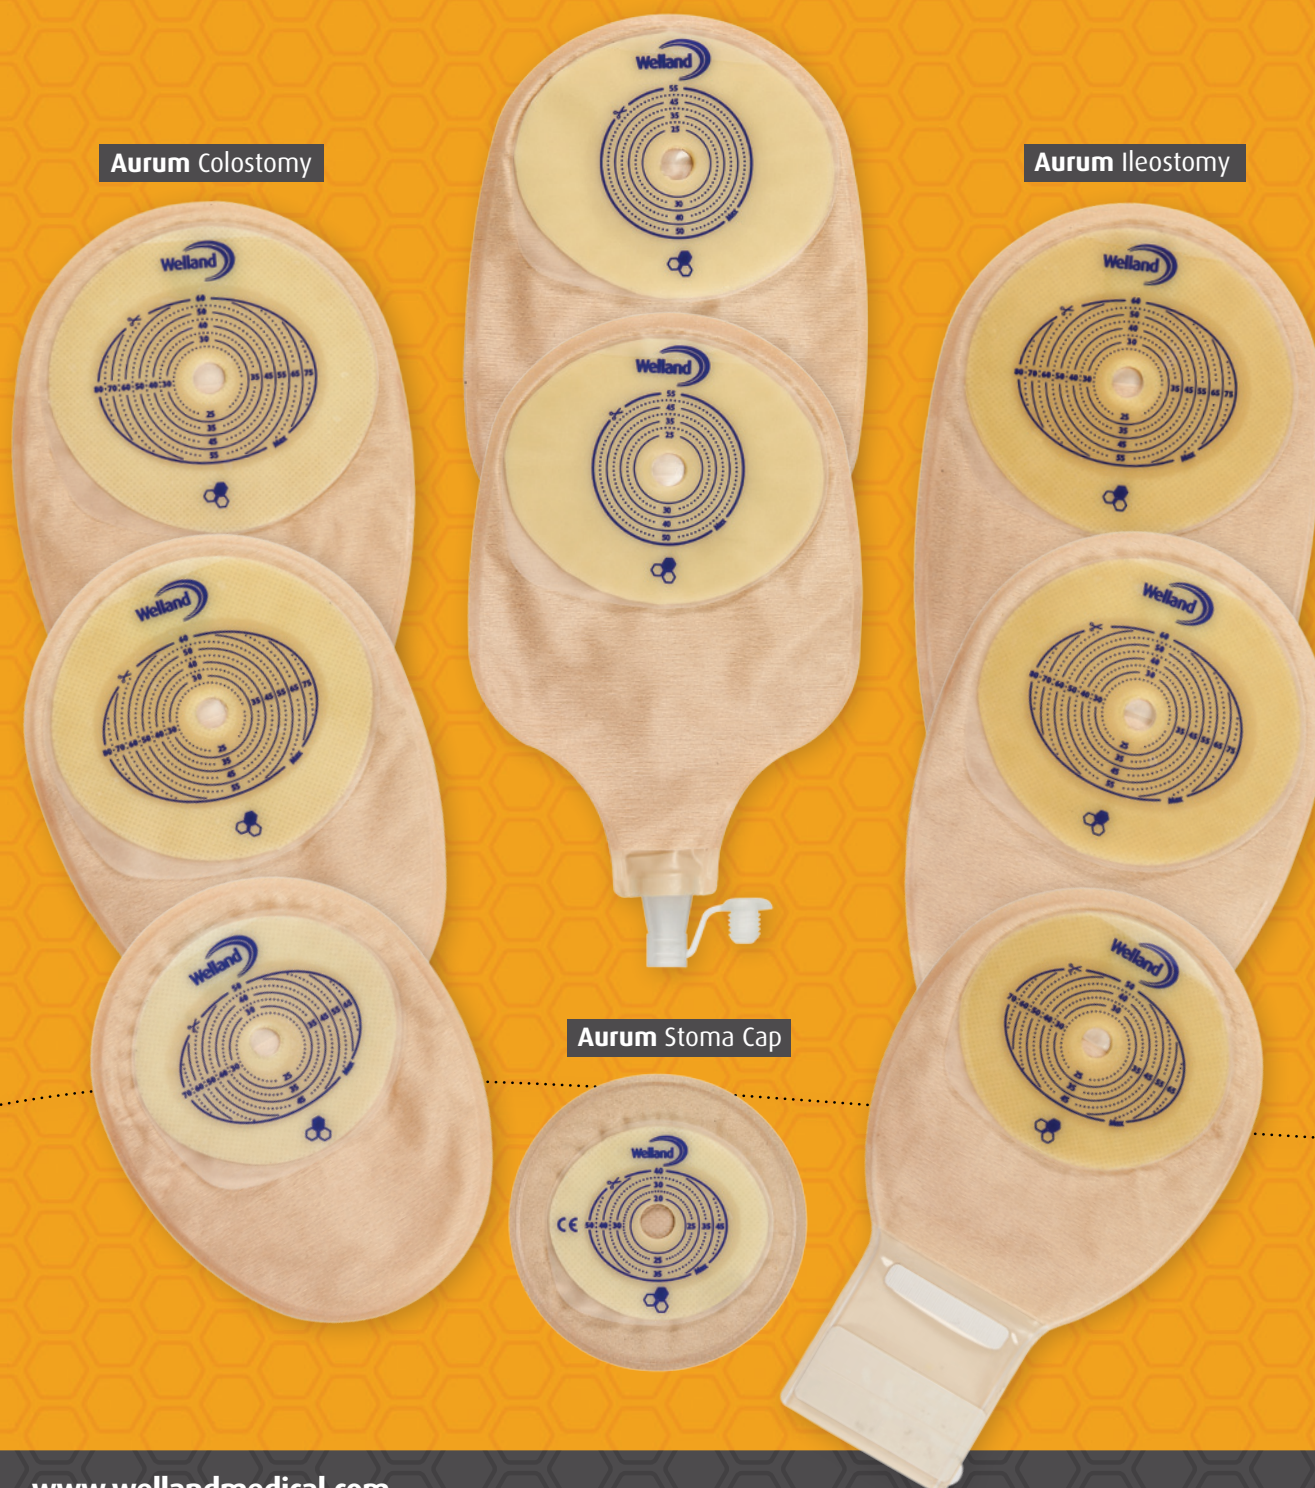

One of the key new features of the Aurum™ range is the introduction of medical grade Manuka Honey to our skin-friendly Hyperflex® hydrocolloid. The inclusion of Manuka Honey in our Hyperflex® hydrocolloid may help to promote healthy skin around the stoma.

Aurum Urostomy

Aurum Colostomy

Aurum Ileostomy

Aurum Stoma Cap

Manuka Honey is pure and natural made only from the nectar of the Manuka flower in New Zealand.

Throughout time, honey has been known for its many therapeutic properties. It is one of the oldest known remedies, used over thousands of years and continues to be used today. Historical research has shown this type of active Manuka Honey has characteristics that kill bacteria, suppress inflammation, and stimulate the growth of cells which may aid the healing process.

Colostomy

The new Aurum™ closed range of pouches is available in mini, midi and maxi offering a comprehensive range of sizes.

The Aurum™ closed pouches aim to improve the quality of life of ostomates with the following key features.

The introduction of Manuka Honey into Welland's Hyperflex® hydrocolloid aims to provide the best for your skin. The easy2peel™ tab helps to prevent sore skin by ensuring easy pouch removal. The new Dual-Carb®2 filter has an improved carbon formulation for better deodorisation and improved permeability reducing ballooning.

“
I had no trouble with soreness at all, a big improvement from my last pouch”
”

Aurum Colostomy: Key Benefits

- Skin friendly Hyperflex® hydrocolloid with Manuka Honey
- Improved deodorisation and less ballooning with the new Dual-Carb®2 filter
- Comfort, security and confidence with a choice of pouch sizes to suit individual needs
- Easy positioning of pouch aided by the split back cover
- Easy pouch changing routine and less skin trauma as easy2peel™ tab aids initial smooth removal of the pouch
- Reduced skin irritation and potential leakage achieved as cutting guide allows a perfect fit to different stoma shapes and sizes
- Quick drying and reduced buildup of perspiration with the water repellent soft comfort layer

Stoma Cap

Within the Aurum™ range Welland Medical is pleased to introduce a stoma cap to the comprehensive product offering.

Ideal for those who irrigate or those who have regular and predictable bowel movements where the stoma is not active.

The convenience of using a stoma cap gives you the freedom to be active and provides the ultimate discretion. The stoma cap is ideal for those who irrigate to manage their colostomy or those who have regular and predictable bowel movements where the stoma is not active. The stoma cap can also be worn on a short-term basis for example during water activities, playing sports, or during intimate moments to increase discretion without compromising security.

Welland's stoma cap features the Dual-Carb® 2 filter with improved carbon formulation for better deodorisation and less ballooning, plus a water repellent soft back cover for ultimate comfort.

Aurum Stoma Cap: Key Benefits

- Skin friendly Hyperflex® hydrocolloid with Manuka Honey
- Improved deodorisation and less ballooning with the new Dual-Carb®2 filter
- Reduced skin irritation and potential leakage achieved as cutting guide allows a perfect fit to different stoma shapes and sizes
- Quick drying and reduced buildup of perspiration with the water repellent soft comfort layer
- Convenient for every day activities as cap is small and discreet

“The shape contours with the body making it almost undetectable under clothing”

Ileostomy

The new Aurum™ range of drainable pouches are available in mini, midi and maxi sizes. In our beige pouches the introduction of the split back cover allows easy positioning of the pouch, also new is the Dual-Carb® i filter, specifically for ileostomists.

The new Dual-Carb® i (Ileostomy) filter, features a new carbon structure which provides a larger surface area for the carbon, allowing free passage of air whilst eliminating odour.

A key feature of this filter is the PTFE membrane which repels liquid and oily substances, meaning you will experience less leakage through the filter.

“
The tab was easy
to use and emptied
much quicker ”

Aurum Ileostomy: Key Benefits

- Skin friendly Hyperflex® hydrocolloid with Manuka Honey
- Improved deodorisation and reduced leakage through the filter with new Dual-Carb® i filter
- Comfort, security and confidence with a choice of pouch sizes to suit individual needs
- Easy positioning of pouch aided by the split back cover
- Easy pouch changing routine and less skin trauma as easy2peel™ tab aids initial smooth removal of the pouch
- Reduced skin irritation and potential leakage achieved as cutting guide allows a perfect fit to different stoma shapes and sizes
- Easy to use and empty pouch with Welland's innovative integral closure system
- Quick drying and reduced buildup of perspiration with the water repellant soft comfort layer

Urostomy

Have the confidence to wear your pouch and continue daily activities with the new Aurum™ urostomy pouch. Offering new and enhanced features including Manuka Honey in our skin friendly Hyperflex® hydrocolloid.

Now with a new improved tap pocket which is more easily tucked away to significantly reduce the profile of the pouch.

The Aurum™ urostomy range is available in midi or maxi sizes with a beige split back cover or as a clear pouch.

Aurum Urostomy: Key Benefits

- Skin friendly Hyperflex® hydrocolloid with Manuka Honey
- Comfortable and discreet pouch as soft tap folds up into the tap pocket
- Comfort, security and confidence with a choice of pouch sizes to suit individual needs
- Easy positioning of pouch aided by the split back cover
- Easy pouch changing routine and less skin trauma as easy2peel™ tab aids initial smooth removal of the pouch
- Infection risk reduced as non-return valve prevents reflux of urine
- Quick drying and reduced buildup of perspiration with the water repellant soft comfort layer

“It was great tucked out of the way, not sticking in your groin, nice and very easy to use, very comfortable”
